**PETITION TO INTERVENE OF
PORTLAND GENERAL ELECTRIC
COMPANY**

Pursuant to the notice posted in the Federal Register on December 6, 2018, regarding Bonneville Power Administration’s (BPA) Open Access Transmission Tariff (OATT) Terms and Conditions Proceeding, 83 Fed. Reg. 62845 (2018), and section 1010.6 of the Rules Procedure Governing Bonneville Power Administration Rate Hearings, Portland General Electric Company (PGE) hereby files this Petition to Intervene as a party in this proceeding. PGE requests that it be granted party status in BPA Docket No. TC-20, including any sub-dockets to that proceeding.

I. PETITION TO INTERVENE

PGE is a corporation created and organized under the laws of the State of Oregon with its principal office at 121 SW Salmon Street, Portland, Oregon 97204. PGE is an investor-owned utility engaged in, among other things, the business of generating, transmitting, and distributing electric power to retail customers in Oregon. PGE is an entity that can contract directly with BPA for the purchase of power under sections 5(b) or 5(c) of the Northwest Power Act for delivery in the region as defined by section 3(14) of the Northwest Power Act. The OATT terms and conditions of general applicability for transmission, ancillary, and generator interconnection

services over the Federal Columbia River Transmission system are the subject of the above-captioned proceeding to be effective on October 1, 2019. PGE directly procures transmission, ancillary, and generation interconnection services from BPA pursuant to the terms and conditions BPA establishes in its OATT. Therefore, PGE will be directly and materially affected by the outcome of this proceeding.

Accordingly, PGE has an interest in these proceedings and is eligible to be a party in this proceeding. PGE's interests cannot be adequately represented by any other party, and, therefore, PGE respectfully requests that it be allowed to intervene as a party in the above-captioned proceedings.
