)

ORDER AMENDING PROCEDURAL SCHEDULE

On February 17, 2025, I issued an amended order adopting a procedural schedule for PRDM-26. In that order, I established that Bonneville Power Administration's Final Record of Decision on the Public Rate Design Methodology (PRDM) would be due on May 21, 2025. (PRDM-26-HOO-09.) On May 20, 2025, Bonneville submitted a motion to revise the procedural schedule for the limited purpose of giving Bonneville additional time to prepare the Final Record of Decision. (PRDM-26-M-BPA-05.) In the motion, Bonneville specifically requests that the scheduled publication date for the final Record of Decision be extended to June 4, 2025. Bonneville also asserts that no party will be harmed by the delay in the publication, as the PRDM "does not go into effect until October 2028." Additionally, Bonneville requests expedited consideration of its motion. At this time, no party has objected to the extension request.

Upon review, Bonneville's motion is hereby granted, subject to reconsideration if a party submits a timely answer objecting to the motion. Accordingly, the new due date for publishing the Final Record of Decision is June 4, 2025, as requested.

SO ORDERED, May 21, 2025.
